Message from the Desk of the Principal

January-2026

It is a matter of great pride and pleasure to present the **January 2026 edition** of our **E-Magazine**, which beautifully showcases the creativity, dedication, and collaborative efforts of our faculty, trainees, and staff.

At DIET Tejli, Yamunanagar, we remain steadfast in our commitment to nurturing innovative, reflective, and future-ready educators capable of addressing the evolving needs of the education system in alignment with the National Education Policy (NEP) 2020. This E-Magazine serves as a vibrant platform for sharing ideas, insights, and accomplishments, reflecting the spirit of learning, experimentation, and transformation that defines our institution. May this edition continue to inspire us to learn, reflect, and progress together as a community committed to excellence in education and holistic development.

Staff Meeting @ DIET-YNR

Staff Meeting @DIET-YNR

January-2026

The District Institute of Education and Training (DIET) in Tejli, Yamunanagar, Haryana, convened a staff meeting on 01-12-2026, chaired by the Principal. The primary agenda of the meeting was to review the progress of projects slated for completion by January 2026 and to assess the institute's overall ranking.

During the discussions, staff members identified key pending projects and strategized on initiatives⁶ to enhance DIET's performance and elevate its ranking in the educational sector. Collaborative efforts were emphasized, with a focus on fostering teamwork to achieve these objectives.

Workshop @ DIET-YNR

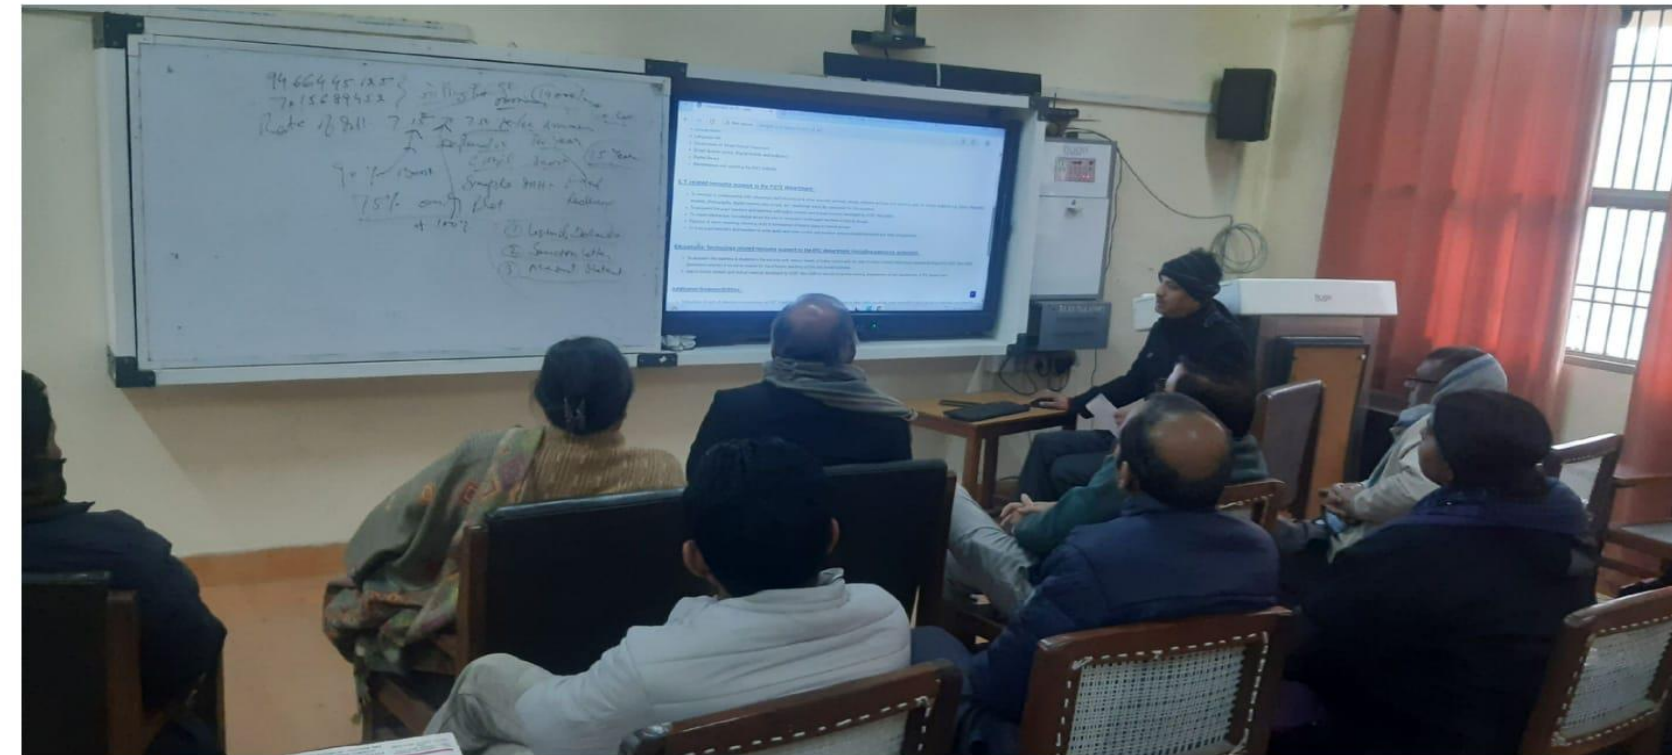

Website Review Workshop @DIET-YNR

January-2026

A **Website Review Workshop** was organized at **DIET Tejli, Yamunanagar** to review and enhance the official DIET website in terms of design, content accuracy, accessibility and user-friendliness. Faculty members actively participated in evaluating existing sections, academic information, training updates and official notifications.

During the workshop, suggestions were shared⁷ for improving content structure, timely updates, ease of navigation and alignment with departmental guidelines. Emphasis was laid on ensuring transparency, effective information dissemination and better digital outreach to stakeholders.

The workshop contributed towards strengthening the digital presence of DIET Tejli Yamunanagar.

Training of PRT Under NIPUN Haryana: DIET-YNR

January-2026

The **Foundational Literacy and Numeracy (FLN)** initiative under the **NIPUN Haryana Mission** focuses on ensuring that every child in early grades achieves foundational competencies in reading, writing and numeracy as per the NIPUN Bharat goals. As part of this mission, the faculty of **DIET (District Institute of Education and Training), Tejli, Yamunanagar** plays a key role in the **training and monitoring** of Primary Teachers (PRTs).

These trainings are aligned with the NIPUN Haryana guidelines and include both **face-to-face workshops** and blended activities that focus on classroom strategies, assessment, and use of Teaching-Learning Materials (TLMs) for FLN.

Workshop on AI In Education-DIET YNR

January-2026

Faculty members of DIET Yamunanagar (YNR) attended a **Workshop on Artificial Intelligence (AI) in Education** aimed at enhancing understanding of emerging technologies and their application in teaching-learning processes. The workshop focused on the role of AI in improving classroom practices, personalized learning, assessment tools, and academic planning.

Participants were oriented towards the ethical and effective use of AI-based tools to support teachers, improve student engagement, and streamline academic tasks. The workshop also emphasized capacity building of teacher educators to integrate technology-driven innovations in teacher training programmes.

The AI Revolution in Education: Why Now?

Rapid Adoption in India

AI adoption in Indian education has grown rapidly due to initiatives like **Digital India, SWAYAM, DIKSHA, and AI-based EdTech platforms.**

Present-Day Classrooms Reality

AI in India is no longer a future concept—it is **already transforming classrooms** through:

- Smart boards and LMS platforms
- AI-assisted content creation
- Automated assessment and feedback systems. Teachers across schools, colleges, and universities are actively using AI-enabled tools in daily teaching.

NEP 2020 & Pandemic Catalyst

The **National Education Policy (NEP) 2020** strongly emphasizes:

- Technology-enabled education
- Multidisciplinary learning
- Teacher empowerment through digital tools

Additionally, the **COVID-19 pandemic** accelerated online and blended learning in India, making AI-driven solutions essential rather than optional.

Workshop on AI In Education-DIET YNR

January-2026

Faculty members of DIET Yamunanagar (YNR) attended a **Workshop on Artificial Intelligence (AI) in Education** aimed at enhancing understanding of emerging technologies and their application in teaching-learning processes. The workshop focused on the role of AI in improving classroom practices, personalized learning, assessment tools, and academic planning.

Participants were oriented towards the ethical and effective use of AI-based tools to support teachers, improve student engagement, and streamline academic tasks. The workshop also emphasized capacity building of teacher educators to integrate technology-driven innovations in teacher training programmes.

Traditional Classroom	Smart Classroom (AI-Enabled)
Teacher-centric teaching	Learner-centric teaching
Same content for all students	Personalized content based on student needs
Chalk & board / static PPT	Smart boards, digital content, AI tools
Manual attendance	Automated attendance using AI
Fixed teaching pace	Adaptive teaching pace
Limited student engagement	Interactive and engaging learning
Manual evaluation	AI-assisted assessment & feedback
Delayed feedback	Instant and continuous feedback
One-time exams	Continuous performance monitoring
Teacher intuition-based decisions	Data-driven teaching decisions

Workshop on Survey Tools @SCERT-HR

January-2026

A one-day workshop on “*Survey Tools of Influence of Vocational Education in Government Schools*” was organized at **SCERT Gurugram** with the objective of strengthening data-driven decision-making in the field of vocational education. The session focused on understanding various survey methodologies, designing effective questionnaires, and identifying key indicators to assess the impact of vocational education in government schools.

Experts from SCERT highlighted the importance of reliable data collection for evaluating student skill development, employability outcomes, and the overall effectiveness of vocational programmes. Participants were trained on using digital survey tools, interpretation of data, and preparing evidence-based reports.

Document Verification @DIET-YNR

January-2026

The PSTE Wing of DIET Yamunanagar successfully conducted the document verification process for D.El.Ed admissions. During the verification, essential academic records, eligibility documents, and identity proofs of the candidates were thoroughly checked to ensure compliance with admission norms. The process was carried out systematically, providing proper guidance and support to all applicants. The initiative ensured transparency, accuracy, and smooth completion of the admission procedure for the new batch.

Mentoring and Monitoring By:DIET-YNR

January-2026

Mentoring and Monitoring by DIET Yamunanagar (YNR) is a continuous academic support initiative aimed at improving the quality of teaching-learning processes across schools in the district. Through structured school visits, classroom observations, interaction with teachers and students, and review of academic records, DIET faculty provide constructive feedback to enhance pedagogical practices.

The mentoring process focuses on guiding teachers in lesson planning, classroom management, use of TLMs, activity-based learning, assessment strategies, and addressing learner needs. Monitoring ensures that academic standards, syllabus progression, and government initiatives are effectively implemented at the school level.

Effective Classroom Observation (ECO) By DIET YNR

January-2026

Effective Classroom Observation (ECO) was conducted by **Mr. Narender Singh, Lecturer, DIET Yamunanagar**, focusing on improving teaching-learning processes through systematic observation.

During the session, the resource person explained the purpose and importance of classroom observation in enhancing instructional practices, ensuring learner engagement, and identifying areas for professional development. Key components such as lesson planning, classroom management, pedagogical strategies, use of TLMs, and students' learning outcomes were discussed in detail.

Participants were guided on how to use observation tools effectively, record evidence-based findings, and provide constructive feedback to teachers.

Dr. Rajeev Kumar at SCERT for Tool Development January-2026

Dr. Rajeev Kumar of DIET Tejli, Yamunanagar, contributed significantly at SCERT to the development of tools for the Dipstick Study. He was actively involved in the planning, design, and validation of assessment tools aimed at quickly assessing the existing status of teaching-learning processes and student learning outcomes. His work ensured that the tools were practical, curriculum-aligned, and suitable for field-level implementation. The developed tools provided reliable baseline data and supported evidence-based educational planning and improvement.

Spark Programme By: DIET YNR

January-2026

The Science Faculty of DIET Yamunanagar (DIET YNR) organized the **Spark Programme** in government schools across Yamunanagar district. This initiative aimed to ignite students' interest in science and promote experiential learning through innovative and engaging scientific activities.

During the programme, students participated in various hands-on experiments, interactive demonstrations, and science projects designed to enhance their curiosity and understanding of scientific concepts.

ISRO Visit of Students Escorted By DIET YNR

January-2026

An educational visit to **ISRO** was organized for students under the guidance and escort of **Dr. Sonika, Faculty, DIET Yamunanagar (YNR)**. The visit aimed to enhance students' understanding of space science, satellite technology and India's achievements in the field of space research.

During the visit, students were exposed to various scientific exhibits and received valuable insights into space missions and advanced technological applications. The interaction helped nurture scientific curiosity, innovation and aspiration among the students.

The visit proved to be informative and inspiring, reflecting the commitment of **DIET Yamunanagar faculty**.

District Level Science Seminar By: DIET YNR

January-2026

A District Level Science Seminar was organised at DIET Yamunanagar (YNR) under the guidance of Sh. Ashwani Kumar and Dr. Rajiv Kumar. The seminar aimed to promote scientific thinking, innovation and inquiry-based learning among students and teachers.

The programme provided a platform for participants to present ideas, share knowledge and discuss contemporary scientific themes. Emphasis was laid on developing analytical skills, creativity and awareness of real-life applications of science.

The seminar was conducted successfully and contributed towards fostering a strong scientific temper and academic enrichment at the district level.

Scrutinizing of Qn. for *Pariksha Pe Charcha* by: DIET YNR

January-2026

DIET Yamunanagar undertook the task of scrutinizing questions submitted for *Pariksha Pe Charcha* to ensure their relevance, clarity, and alignment with the objectives of the programme. The questions were carefully reviewed to maintain age appropriateness, academic value, and focus on students' well-being, stress management, and holistic development. Due emphasis was given to originality, language accuracy, and positive framing. The scrutiny process aimed to shortlist meaningful and thought-provoking questions that reflect students' genuine concerns and contribute constructively to the national dialogue on examinations and education.

77th Republic Day Celebrated:DIET YNR

January-2026

The 77th Republic Day was celebrated with great enthusiasm and patriotic fervor at DIET Tejli, Yamunanagar. The programme began with the hoisting of the National Flag, followed by the singing of the National Anthem, filling the campus with a spirit of unity and pride. Faculty members, staff, and trainees actively participated in the celebration.

On this occasion, speakers highlighted the significance of the Indian Constitution and the values of justice, liberty, equality, and fraternity. Patriotic speeches and messages inspired everyone to uphold democratic ideals and contribute responsibly to nation-building. The celebration concluded with a pledge to work with dedication and commitment in strengthening the education system and serving the nation.

Commissionary Level Youth Parliament Program

January-2026

The **Commissionary Level Youth Parliament Program** was successfully organized at **GSSS Chushala, District Kaithal** on **30 January 2026**. The program aimed to promote democratic values, leadership skills, and constitutional awareness among students by familiarizing them with the functioning of the parliamentary system.

Students actively participated by assuming the roles of Members of Parliament, engaging in structured debates and discussions on contemporary social and national issues. The event provided a meaningful platform for youth to express their views, enhance public speaking skills, and develop critical thinking and civic responsibility.

State-level ECO and Elementary Review By SCERT-HR

January-2026

The ET Wing of SCERT Haryana conducted a *State-level Effective Classroom Observation (ECO) and Elementary Online Zoom Review Meeting* aimed at strengthening monitoring practices and ensuring quality teaching-learning processes across schools. During the review, key observations, progress updates, and data insights from districts were discussed in detail.

Faculty members from DIET Yamunanagar actively participated in the session, contributing their field experiences and sharing reflections on classroom observation practices. The meeting emphasized the importance of evidence-based observations, timely reporting, double-coding accuracy, and capacity-building of mentors for improved academic support at the school level.

State Prashikshak Review By: SCERT-HR

January-2026

The *State Prashikshak Portal Review* was conducted by **SCERT–Haryana** to assess the effective implementation and functioning of the State Prashikshak Portal. The review focused on monitoring trainer profiles, training schedules, content uploads, attendance, and reporting mechanisms to ensure transparency and quality in capacity-building programmes.

During the review, SCERT–HR emphasized timely data entry, accuracy of records, and regular updating of training-related information by DIETs and trainers. Feedback was shared regarding best practices, gaps, and areas for improvement to strengthen digital governance in teacher training.

Overall, the review aimed at enhancing accountability, improving training management, and ensuring the portal serves as a reliable platform for planning.

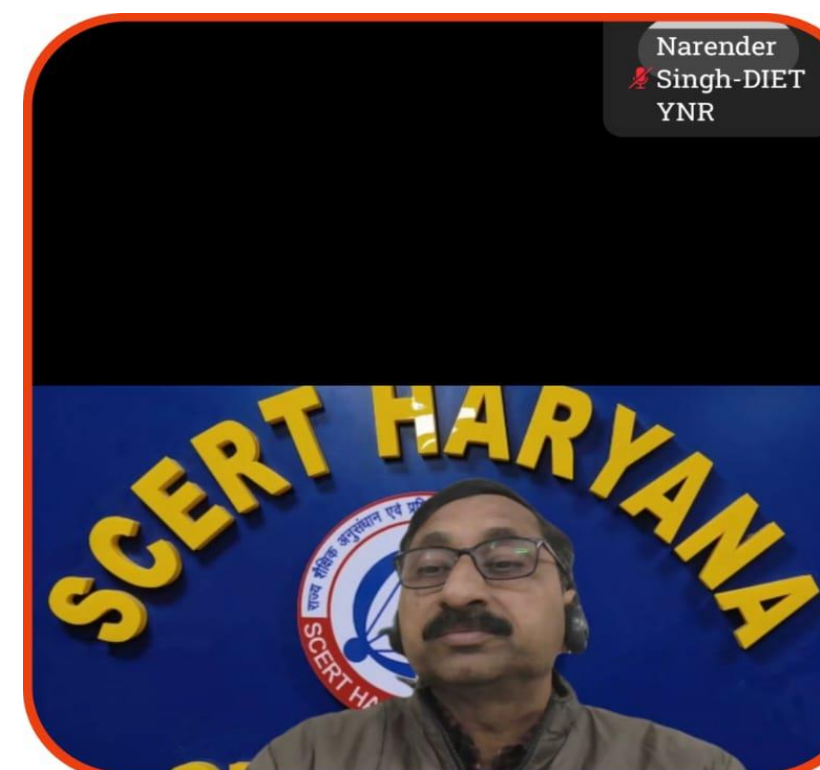

DIET-YNR

State ET Wing Review By: SCERT-HR

January-2026

The State ET Wing Review was conducted by SCERT-HR to assess the academic, training and administrative functioning of the ET Wing across districts. The review focused on evaluating progress against planned activities, quality of teacher training programmes, effective implementation of academic initiatives, and alignment with state educational priorities.

During the review, key areas such as **teacher professional development, training outcomes, monitoring mechanisms, documentation, and reporting practices** were discussed in detail. SCERT-HR officials provided constructive feedback and guidance to strengthen academic processes, improve coordination, and ensure timely execution of programmes at the district and block levels.

District-Level ECO and Elementary Review By DIET-YNR

January-2026

The ET Wing of DIET-YNR Haryana conducted a District-level *Effective Classroom Observation (ECO)* and *Elementary Online Zoom Review Meeting* on 30-01-2026 aimed at strengthening monitoring practices and ensuring quality teaching-learning processes across schools. During the review, key observations, progress updates, and data insights from districts were discussed in detail.

Faculty members and Mentors actively participated in the session, contributing their field experiences and sharing reflections on classroom observation practices. The meeting emphasized the importance of evidence-based observations, timely reporting, double-coding accuracy, and capacity-building of mentors for improved academic support at the school level.
